Barjan's Isolation Barrier Curtains... BENEFITS

Releases your staff from the burden of taking down contaminated/soiled disposable curtains

Eliminates added stress on your supply chain and logistic support

Made with Antimicrobial, inherently Fire Retardant material (Passes NFPA-701)

Saves valuable staff time by being wipeable/washable while hanging

Withstands most chemical cleaners used to sanitize hospital surfaces

Compatible with most existing track and carrier systems

Lessens the impact on the environment due to disposing of red bag waste
